

DORVAL Aviation

DORVAL Aviation teams up with YOU. In order to offer a fast, easy, reliable and safe way to travel, DORVAL Aviation on behalf of one of its own pilots Jacques Morin, President of STAT Timing very well known throughout the racing community in Canada came up with the idea of offering an **"on demand"** charter service to the stakeholders of the Racing Community. Race Crew, parents, organizer's, officials and friends can now fly directly from their nearest home Airport or any other airport in Ontario or Quebec to almost any venues in Quebec, Ontario or USA. Instead of spending days on the road and traffic jam you can now get to the race site to see your favorite event, etc... or take care of business and then back home within hours....You can also start to plan your golf trips reservations!! We have (2) twin engines Piper Navajo Aircraft available to fly when and where you need to go.

Why Charter Services? When you need flexibility, luxury, and ease of service, it is time to charter an aircraft. Please do not confuse our service with "Charter" airlines, which are really a scheduled operation for tour groups. With DORVAL Aviation you are your own airline! You set the schedule and the destination. You fly into smaller airports, if needed, to be closest to your destination. You avoid noisy, crowded terminals, and are received in first class luxury at full service Fixed Base Operators (FBOs). Your aircraft is catered with the food and refreshments of your choice. You drive right up to the aircraft when you leave, and walk directly into the rental car or limo when you arrive.

@ Dorval Aviation. (Montreal, QC) we pride ourselves on personalized private air charter service. Whether you are traveling (vacation or business) to Mt-Tremblant, QC, Mt-Ste-Anne, QC, the North Shore, North Bay, On. or Collingwood, ON. , your private aircraft charter will get you there safe, secure and on demand. If the air charter service is a one way via a backhaul using our empty legs, or a round trip air charter, the service you receive is always first class. The private aircraft are available on a moments notice. We are based in the Montreal-Dorval area. If you are flying into Montreal-Trudeau International Airport , we can arrange to meet you at the gate. Your transition from Airline travel to private aircraft charter travel will be seamless. If you need to visit multiple cities in a short period, we will set the itinerary, provide the catering, and follow every leg of your flight. We specialize in getting you where you need to be.
